Logging call

Activity Details Chatter  Log a Call ▼  New Task ▼  New Event ▼  Add Call to To Do List Call ▼ Upcoming & Overdue (850) 644-4200	You can log a call. And actually call the number from salesforce if u have cti call integration. You can also add call to your todolist.
New Task Subject Due Date Name  Bertha Boxer Related To  ▼ Search Accounts... Assigned To  Kazim Syed	It autopopulates the info in the task object. You can put any related to like opp and so. Its default for accounts. And u can set the status.

▼ December • 2025 >  Call You logged a call	Since we created a task for lead record, we don't assign account record, because that will happen when lead is converted.
▼ Upcoming & Overdue >  ☐ Call You have an upcoming task ▼ December • 2025 >  Call You logged a call  To change what's shown, try changing your filters.	-Task added to todolist -logged a call.

Creating a task and marking them complete

subject --None-- Call Email Send Letter Send Quote Other	Tasks are reminder that u typically want to do offline.
▼ Upcoming & Overdue >  ☐ Call You have an upcoming task 10-Dec ▼ >  ☐ Get brochure from lead You have an upcoming task Tomorrow ▼	You can even hardcode values like “Get brochure from lead”

Creating Tasks and marking them complete

Meeting Subject Meeting * Start 08-Dec-2025 * End 08-Dec-2025 All-Day Event ☒ Name Phyllis Cotton	An event is usually time,place and location and others are invited.
Related To Search Accounts... * Assigned To Kazim Syed Location HQ	Its different from a task which is to do something or delegate. Make sure u don't forget something u care about.

Chatter group, Announcements and Engagement

Salesforce Chatter Home Chatter People Groups Groups Recently Viewed 0 items Search lists... Select a List View: Groups List Views Active Groups My Archived Groups My Groups Recently Viewed (Pinned list) Recently Viewed Groups	
---	--

New Group Review the errors on this page. These required fields must be completed: Access Type * = Required Information * Name Salesforce Adm201 Study group Description To help individuals in their journey to <u>be</u> certified Salesforce <u>admin</u> 2	
* Owner Kazim Syed Disable automatic archiving ☐ * Access Type Public Complete this field. Allow customers ☐ Broadcast Only ☐	Access type can be public, private. Public means can join w/o approval. Whereas in private, they can see the group in list view and can be invited or request for join by the owner.
Broadcast only	Only member can post, members can comment. Member can comment, but can't start new post. One way communication like company wide announcement.
Customer group	This is for collaborating with customer outside your org. Requires: Communities / Digital Experience enabled Customer Users (external)
External users cannot see: - Company public groups - Internal chatter feeds - Internal profiles unless allowed	Customer projects - Joint design reviews - Shared onboarding process

Chatter group management roles

Owner, add/remove members, can delete and change access type	Group owner
add members C. Change access type of group	Group Manager
Read + post(except in broadcast only)	Group Members
Unlisted groups	Private groups != unlisted groups. Private groups are NOT hidden. Non-members: • Cannot see posts • Cannot join • Cannot access files BUT... <i>They can still see the group exists in search or directory.</i>
Email summary of group's activity to member	Group email digest
Inactive groups auto-archived after 90 days	Group archiving
A customizable Lightning page that shows: • Posts • Files • Members • Group details	Group record page
	1. Non-members of a Private Group cannot see the group exists.

	(Exam loves this.) 2. Users cannot request to join a Private Group. Only invited by Owner/Manager. 3. Broadcast-Only groups do NOT prevent comments. Members can still comment. 4. Customer Groups require External Users + Communities. Internal-only orgs cannot use customer groups. 5. Public vs Private has nothing to do with data access for records
A. View All Data B. Chatter Internal User C. Create and Own New Chatter Groups D. API Enabled	What permission allows posting to records' Chatter feeds?
	11. Which statement is true about Chatter Files shared in groups? A. Only Group Owner can upload files B. Files can be shared with group members only C. Files inherit group visibility D. Files become public on the internet Correct: C
	What happens when a Chatter Group is archived? A. Members cannot post B. Group is deleted permanently

	C. Only admins can see it D. External users are removed
	13. Who can unarchive an archived group? A. Any group member B. Group Owner C. System Admin only D. Anyone with Manage Chatter Groups permission Correct: B
	Which Chatter license is used for users who collaborate internally without Salesforce CRM? A. Customer User License B. Chatter Free C. Chatter External D. Platform Starter
	A user cannot share a file in Chatter. Possible reason? A. File size too small B. File is private to the owner C. File is in an unlisted group D. User's profile lacks Modify All Data
	Which group type is hidden from group search and directory? A. Customer Group B. Private Group C. Unlisted Group D. Public Group
